“You may write on any portion of the Escrow Problem test materials.

This exam is testing your ability to follow instructions, as well as your overall knowledge.

The instructions may not be what is customary in your area, and may not reflect your company policy.

Follow the instructions – don’t overthink things. Continued on next page...

Don’t do any more or any less than what the instructions tell you to do.

If they do not specifically tell you to pay the next installment or the next loan payment, DON’T DO IT.

If you are taking the CEO, CSEO, CBSS or CMHS exam, your test is now in the new format, based on the CAR Contract.

The General Instructions in your test packet will provide only the information that is not included in the CAR Contract portion of your test.
It is *not* necessary to read the entire contract in detail; *only* to read in detail those portions which apply to your test and the questions associated with it.

Information needed for test answers from the contract can be found in the appropriate areas of the contract, just as they would appear in your day-to-day business.

We will announce when half of the test period has elapsed, when you have 30 minutes remaining, and lastly, when 15 minutes remain before the end of the testing period.”

V: ORAL INTERVIEW TEST PORTION

A: PREPARATION
- **NOTE**: Prior to meeting with any candidate, each question to be used in the Oral Interview should be reviewed by the Proctors who will be assisting with that portion of the exam

- The Oral Interview Coordinator is to:
  - Review the procedures and questions in the morning, *during the Escrow Problem portion* of the exam
  - Review PD Form #108 with the Proctors and instruct them on how to complete it with THEIR name, the date, and candidate’s ID number
  - Discuss the number of questions a candidate should be asked –
    - The number may vary depending on how any candidate responds, with regard to accuracy and demeanor
    - An average of 3-5 questions per candidate is typical
    - The interview should last approximately 7 minutes, unless the candidate appears to be struggling
    - The team should ask just enough questions to get a feel for the candidate’s ability

- All questions asked per candidate must be circled on the review side of PD Form #108

- If the candidate failed to answer a question correctly, Proctor’s remarks must include the question number and the reasons why the answer was incorrect, in the event the candidate fails the Oral Interview

- All grading is to be independent, and not a group effort

- Discuss the scoring technique with regard to:
  - 3 areas of grading
  - Point structure
B: THE INTERVIEW

DO NOT ASK THE CANDIDATES THEIR NAMES OR THE NAMES OF THEIR EMPLOYER

- The interviewers should welcome the candidate, and introduce themselves by name and by the type of entity they work for.

- The candidates will most likely be nervous –
  - Try to make them as comfortable as possible before beginning the test questions.

- The Team Captain will begin the interview by asking:
  - What type of entity the candidate works for?
  - Have they worked with any other type of entity?
  - How long have they been in the escrow business?
  - Whether they work in Southern or Northern California?
  - What is their job title?

- When the Oral Interview is complete, the Oral Interview Coordinator will calculate the scores for each candidate.
